

# Solar Windows Limited

## Case Study Denbighshire County Council

*“A winning combination of the REHAU S719 Heritage style vertical sliding window system and Solar Windows installation enabled the original timber box sash windows, in a special project in Rhyl town centre, to be replaced with a PVC-U product.”*

*Detailing like a 50° chamfer on sashes, authentic looking sash horns and slim putty-line external Georgian bars closely replicate the shape and details of traditional box sash windows.*

The refurbishment to windows at Market Street including Flanaghans Public House and Sussex Street in Rhyl proved an interesting challenge for Solar Windows Limited. By manufacturing the REHAU Heritage style vertical sliding window, Solar Windows maintained the original external appearance.

### BENEFITS

- Already installed in many Conservation Areas throughout the UK
- Maintenance free
- Fire Escape facility
- Commitment to quality

### FACT FILE

#### Project Consultants
