Solar Windows Limited

Case Study **Flintshire County Council Education Department**

"Taking full advantage of monies made available for the refurbishment and upgrading of schools, Flintshire County Council appointed Solar Windows Ltd; as the lowest tenderer to undertake work at Ysgol Gwenffrwd, Holywell, North Wales."

Following a request to REHAU from Flintshire County Council to undertake a feasibility study to look at the removal of existing timber structures in the school gym and replacing with the REHAU screen walling system, CAD technical drawings were produced and prices submitted by Solar Windows Ltd for consideration.

BENEFITS

- The REHAU screen walling system is extremely versatile.
- The external cover can be applied at the final stage thus eliminating possible damage and enabling easy replacement if required.
- The PVC-U profile used internally affords excellent thermal efficiency.
- Screens are tailor-made to customer requirements.
- Reinforced using galvanised steel with extra steel box sections being used for larger structures.
- Can accommodate up to 60mm glazing which allows insulation panels to be fitted.
